3 IN 1[®] FORMULA

Topical Liniment - Tightener - & Brace for Horses

DIN 00391034

Indications:

3 IN 1[®] FORMULA is a topical liniment used as a tightener and brace with mild antiseptic properties. For use in horses as an aid for temporary relief of leg sprains, swelling, lameness, and muscular soreness.

Directions: Shake well before use.

♦ As a Tightener/Liniment:

Relief of an existing condition: Pour a small amount of 3 IN 1[®] FORMULA into the palm of the hand, apply to affected limbs, and rub briskly until dry. Cover application with cotton and bandage. Apply twice daily. Repeat application until relief of symptoms is noticed, or as directed by a veterinarian.

To help prevent leg swelling and muscular soreness: Add 30 mL of 3 IN 1[®] FORMULA to one litre of warm water. Mix well. Apply once daily to legs after strenuous work.

♦ As a Body Wash and Brace:

Add 30 mL of 3 IN 1[®] FORMULA to one litre of warm water. Mix well. Apply to entire body or desired area after strenuous work, once daily. This makes a refreshing and stimulating lotion, allowing horses to cool out free of stiffness.

♦ To Help Relieve Stifle Lameness:

Pour a small amount of 3 IN 1[®] FORMULA into the palm of the hand, apply gently around stifle before a race or workout. Use once daily or as directed by a veterinarian.

Caution:

For external use only. Apply on a clean leg, from which all other medications have been removed. If condition does not improve after 2 or 3 consecutive applications, or if the condition deteriorates, consult a veterinarian.

Warning: Poison - Keep out of reach of children.

Active Ingredients:

Methyl Salicylate 50.0 mg/ml; Menthol 20.0 mg/ml; Camphor 25.0 mg/ml; Thymol 5.0 mg/ml; Oil of Turpentine (oil of Terebinth) 125.0 mg/ml; Oil of Hemlock 5.0 mg/ml; Oleoresin of Capsicum 0.05 mg/ml.

Storage: Store between 15 - 30 degrees Centigrade.

Presentation/Packing: 475 mL bottle; 12 bottles/carton.
