RED UDDER OINTMENT

DIN 00499064

Indications:

A soothing and protective ointment for use in the treatment of surface wounds, cuts, abrasions of teats and mammary glands of all farm animals. Also effective in the prevention of cracked and chapped teats and udders, chapped skin, and skin abrasions.

Dosage & Administration:

Rub Red Udder Ointment liberally into the affected area twice daily until the condition improves. Then for best results, use daily. Be sure to wash teats and udders thoroughly with soap and water before milking.

Caution(s):

In case of deep or puncture wounds consult a veterinarian. If redness, irritation, or swelling persists or increases, discontinue use and consult a veterinarian.

Each gram contains:

0.5% Phenol
1.0% Eucalyptol
0.5% Methyl Salicylate
0.5% Camphor
in an emollient base.

Presentation/Packing:

400 gram jar; 12 jars/carton

2 kg pail; 4 pails/carton
